

WHAT'S IN YOUR BOX?

Hybrid and Electric, SMP has you covered

BWD® and Four Seasons® currently offer over 4,000 SKUs for 150 hybrid models and 1,900 SKUs for more than 40 electric vehicles.

Hybrids and EVs are still cars. They use the very same switches, sensors and actuators as gas vehicles, but they also present new opportunities. Batteries need to be heated and cooled, wires carrying high voltage fail and battery contacts corrode. BWD® and Four Seasons® are committed to providing you with the parts you will need to service the next generation of vehicles.

What's inside the BWD® box... superior design, advanced engineering and EV/Hybrid coverage. What's in your box?

BWD® and Four Seasons® have over 50,000 parts that are powertrain neutral. That means the parts are the same whether the powertrain is gas, diesel, hybrid or electric.

50,000
POWERTRAIN
NEUTRAL PARTS

BWD® and Four Seasons® powertrain neutral coverage features more over 50,000 parts

4,000
HYBRID PARTS

BWD® and Four Seasons® offer more than 4,000 parts for hybrid vehicles

1,900
EV PARTS

BWD® and Four Seasons® offer more than 1,900 parts for electric vehicles

We have over 140 parts for the 2014 Toyota Highlander Hybrid

There are 5 million hybrid vehicles on the road, and many of them are more than 10 years old. With two different systems powering the vehicle, hybrids have more components compared to gas vehicles. More hybrids, aging hybrids, and more parts mean that hybrid repair opportunities are growing. BWD® and Four Seasons® already have the parts you're looking for.

BWD® and Four Seasons® Components for Hybrids and EVs include

BWD® EVC001
Charging Cable Adapter
Tesla 3, S, X, Y, & Roadster
(2023-08)

BWD® EVC004
Battery Charging Cable
Toyota RAV4 (EV), Prius
(2022-10)

Four Seasons® 76808
Battery Cooling Fan Motor
Toyota Prius
(2019-16)

For more than 100 years, when the OE failed, technicians have trusted BWD® and Four Seasons® to deliver a part that's equal to or better than the original it's replacing.
