## Standard Motor Products Releases 333 New Parts for Standard® and Intermotor®

**NEW YORK, N.Y., August 14, 2017** - Standard Motor Products, Inc. (SMP) announces the addition of 333 new part numbers to its Standard® and Intermotor® lines. The release spans 61 product categories and expands coverage through the 2017 model year by more than 184 million VIO. To view the highlights, watch Standard's New Parts Spotlight Vol. 19 at [www.youtube.com/StandardBrandParts](http://www.youtube.com/StandardBrandParts).

One highlight from Standard's release is an expansion to its line of variable valve timing (VVT) components. With the introduction of 4 new VVT Solenoids and 4 VVT Sprockets, Standard's VVT line now totals more than 270 parts. To learn more about Standard's aftermarket-leading VVT coverage, visit [www.StandardVVT.com](http://www.StandardVVT.com).

Another highlight is the addition of 157 switches—including 25 Cruise Control Switches—that increases the company's total switch coverage by an additional 42 million VIO. The company also expands its sensor coverage by 16 million VIO with the release of 87 sensors, including 53 ABS Speed Sensors and 11 Vehicle Speed Sensors. Other notables include 25 Transmission Control Solenoids, 17 Fuel Vapor Leak Detection Pumps, and 5 Clock Springs.

Commenting on the news, Phil Hutchens, Vice President Engine Management Marketing, SMP, stated, "Our latest expansions to our VVT and sensor lines demonstrate our commitment to providing technicians with comprehensive coverage and premium quality for today's high-tech categories."

All new applications are listed in the eCatalogs found at [www.StandardBrand.com](http://www.StandardBrand.com) and [www.IntermotorImport.com](http://www.IntermotorImport.com) and in electronic catalog providers.

Standard® offers premium engine management related products, including computerized engine controls, TPMS sensors, and fuel injection components for domestic vehicles. Intermotor® offers a full line of genuine import products that are unrivaled for their superior quality, original match and comprehensive coverage.

For additional information, contact an SMP sales representative or visit [www.StandardBrand.com](http://www.StandardBrand.com) and [www.IntermotorImport.com](http://www.IntermotorImport.com).

### **About SMP:**

SMP® supplies independent professional auto technicians and automotive do-it-yourselfers with high quality replacement parts for engine management ignition, emission and fuel systems as well as temperature control products for domestic and import cars and light trucks. SMP® products are sold through both traditional and non-traditional distribution channels. For more information, download the SMP® Parts App 2.0 or visit [www.smpcorp.com](http://www.smpcorp.com).
